

Amendments to the Claims

The current listing of the claims replaces all previous amendments and listings of the claims.

1. (Canceled)

2. (Currently Amended) A blade structure in a gas turbine, comprising:

stationary blades arrayed in a circle on a casing;

moving blades arrayed in a circle on a rotor, wherein a clearance is provided between ~~ehips~~ tips of the moving blades and the casing, wherein

an entrance metal angle at a ~~ehip~~ tip portion of the stationary blade that is the stationary blade at ~~the~~ a rear stage of the moving blade having the ~~ehip~~ tip clearance is smaller than an entrance metal angle at other portions than the ~~ehip~~ tip portion of the stationary blade.

3. (Currently Amended) A blade structure in a gas turbine, comprising:

stationary blades arrayed in a circle on a casing;

moving blades arrayed in a circle on a rotor, wherein a clearance is provided between ~~ehips~~ tips of the moving blades and the casing, wherein

a front-edge including angle at a ~~ehip~~ tip portion of the stationary blade that is the stationary blade at ~~the~~ a rear stage of the moving blade having the ~~ehip~~ tip clearance is larger than a front-edge including angle at other portions than the ~~ehip~~ tip portion of the stationary blade, and also an entrance metal angle at a ~~ehip~~ tip portion of the stationary blade is smaller than an entrance metal angle at other portions than the ~~ehip~~ tip portion of the stationary blade.

4.-9. (Canceled)
